About

I am Ayush Kushwaha, a front-end developer with expertise in **HTML, CSS, JavaScript, React, and Next.js**. As a **Frontend Developer** at Ninza Web Solutions, I built scalable web applications using **Next.js**. Recently, I won the **Startup Conclave 2024** top prize for **RemoveQ**, an innovative image optimization service. I am dedicated to creating high-performance, visually appealing web solutions and continuous learning.

Education

Ajay Kumar Garg Engineering College, Ghaziabad	Ghaziabad
Computer Science And Engineering (B.Tech)	2022 - 25
Allahabad University	Prayagraj
Bachelors in Science (B.Sc)	2020 - 22
Percentage: 86%	

Experience

Ninzahost | Frontend Developer   Remote | Sept 2024 - Present

Developed a new frontend for the **Ninza Web Solutions Private Limited** website using **Next.js** and **Tailwind CSS**, ensuring responsive and visually appealing design. Iteratively refined UI/UX and implemented APIs for enhanced functionality and seamless integration.

RemoveQ | Frontend Developer   Remote | Feb 2024 – May 2024

Developed responsive interfaces using **HTML**, **CSS**, and **JavaScript** for a **Laravel-based** website, enhancing functionality and user experience.

Skills

Programming Languages:	HTML, CSS, SCSS, Python
Libraries/Frameworks:	Javascript, React.js, Next.js Express.js, Node.js, Redux
Tools / Platforms:	Vs Code, Figma, Canva, Docker, Postman, Git
Databases:	My Sql, MongoDb

Projects / Open-Source

Portfolio | Link   **Next.js, Tailwind**

Developed my **portfolio website** using **Tailwind CSS** and **Next.js**, integrating various libraries and animation frameworks to enhance functionality and create a dynamic user experience.

Movix | Link   **Redux.js, Vite, React.js, Node.js, SASS**

MOVIX is an innovative and visually stunning movie search web application developed using React.js and powered by the rich capabilities of SASS (Syntactically Awesome Style Sheets).

Honors & Awards

Won First Prize at Startup Conclave 2024 - Awarded top prize for RemoveQ, an innovative image optimization service, at Startup Conclave 2024 hosted by Idealab at Ajay Kumar Garg Engineering College, Ghaziabad. Recognized for contributing to faster websites and enhanced user experiences through cutting-edge technology.
